CORNWALL

Bosinver Farm Cottages

Luxury self catering cottages in Cornwall where children can run free, families can relax together and nature is truly on the doorstep

The simple pleasures of adventures in the woods and fields can make the best memories for family holidays. So a stay at Bosinver, near St. Austell promises

to offer a chance to bring home plenty of magical memories for you and your family. There's so much to do here, that some guests have said that it's hard to tear their children away. Try the daily animal feeding sessions and egg-collecting with Farmer Dave or a pony ride. Play in the activity centre, on the zip wire and horse slide or the tennis courts. Or perhaps have a family swim in the indoor solar heated swimming pool. There are 20 cottages to choose from, accommodating between four and twelve people. The jewel is Lowen, a luxury eco-house that sleeps eight. It's carbon neutral and energy self sufficient, using PV panels and a ground source heat pump to provide electricity, heating and hot water to the house.
