I LOVE Christmas!

Finding the right gift for the ones I love is something that brings me great joy. Making gifts takes up many winter afternoons – last year I made chocolate rocky road, fire cider, chilli jam, chai tea blend and felt keyrings. I like to buy goodies made by local craftspeople and ethical companies too. I've had so much fun putting together this selection of the most gorgeous green present ideas for you and your family. Take a peek inside to find gifts for the home, snuggly stuff for babies, perfect playthings for toddlers and cool ideas for teens, as well as much much more.

I wanted to champion the very best in conscious shopping. Everything inside these pages is produced ethically with a view to creating a better planet for our little ones. It's about family values and positive impact in the world.

Wishing you and yours a very happy, green Christmas!
Melissa - Editor, The Green Parent
